

Delivery notes

Plenary: Class discussion

5 minutes

This section gives ideas for a short plenary session, in which pupils can share their responses to the team-building activities.

Organisation: Class discussion

Delivery notes:

- Step 1:** In the same groups used for the activities, ask pupils to identify and reflect on the teamworking/collaboration skills they used during the activities. Which worked well? Did everyone agree? Can they think of some examples of compromise? Did anything go wrong? And would they do anything differently next time?
- Step 2:** Ask each group to feed back the main points of their discussion to the rest of the class. Are there similarities in what each group identified?
- Step 3:** Following on from the discussion, give pupils an opportunity to add further to their **Match report activity sheets**, if they want to.
